

Attn: All Prospective Charterers

Dear Sir/Madam,

**Subject: AFRICAN FJORD – 300-PAX Offshore Accommodation & Work Barge
Available for Charter**

We are pleased to introduce AFRICAN FJORD, a 100-metre offshore accommodation/work barge available for suitable West African and international offshore projects, subject to Owner's confirmation of availability and position.

Key features include:

- Accommodation for up to 300 persons
- Approx. 75 MT main crane
- Large working/laydown deck
- 8-point catenary mooring
- Helideck facilities
- Offshore construction, maintenance and modification capability

The unit is suitable for platform maintenance, brownfield modification, shutdown/turnaround campaigns, hook-up & commissioning, offshore construction, decommissioning and workforce accommodation.

We invite you to provide your project location, required POB, charter duration, delivery date, deck cargo, crane requirements and gangway/mooring requirements so that we can obtain a firm Owner's quotation.

Please let us know if you would like to receive the full technical specification, Q88-style questionnaire, class/certification package and commercial terms.

All particulars and vessel availability remain subject to Owner's confirmation, satisfactory charterer KYC and a mutually acceptable Charter Party.

Kind regards,

Chartering Team
