

Attn: All Prospective Charterers.

Subject: MT ARULMAX – 3,007 DWT Product Tanker Available for West Africa Charter

Dear Sir/Madam,

We are pleased to offer MT ARULMAX (IMO 1114626), a 2006-built small oil-products tanker of approximately 3,007 MT DWT and 88 m LOA, for suitable employment in Nigeria, the Gulf of Guinea and West Africa.

The vessel is positioned for coastal and regional transportation of compatible petroleum products, including AGO/diesel, gas oil, kerosene and other approved cargoes, subject to tank, coating, segregation, heating, statutory and terminal requirements.

Charter basis: Voyage / Time Charter / COA

Trading area: Nigeria / Gulf of Guinea / West Africa

Availability: Prompt, subject to prior commitment

Commercial terms: To be negotiated following cargo and voyage details.

Kindly advise your current or forthcoming cargo requirements, including cargo grade, quantity, load/discharge ports, laycan, laytime and demurrage terms.

The latest Q88, certificates and technical documentation can be provided to qualified charterers upon request.

All particulars remain subject to Owner's confirmation and a mutually acceptable Charter Party.

Kind regards,

Chartering Team
