

Attn: All Prospective Charterers

Dear Sir/Madam,

Subject: M/V SEA LIBERTY – 3,518 m³ Pressure LPG Carrier Available for Charter

We are pleased to offer M/V SEA LIBERTY (IMO 9293600), a 3,518 m³ / 3,857 DWT pressure LPG carrier, built in 2003, Thailand flag and ClassNK class.

The vessel is suitable for propane, butane and other approved LPG cargoes, subject to the vessel's current Certificate of Fitness.

We are seeking suitable employment in West Africa and are open to Time Charter, Consecutive Voyage Charter, COA or Voyage Charter arrangements.

Preferred trading area includes Nigeria, Ghana, Togo, Benin, Côte d'Ivoire, Cameroon and Equatorial Guinea, subject to terminal acceptance and trading requirements.

Please advise whether your company has any current or forthcoming LPG cargo, vessel requirement or regional distribution programme for a vessel of this size.

Full Q88, Certificate of Fitness, class documentation, P&I and technical particulars are available to serious charterers.

All particulars and vessel availability remain subject to Owner's confirmation, satisfactory charterer KYC and a mutually acceptable Charter Party.

We welcome enquiries from qualified charterers seeking suitable tonnage for operations in Nigeria and other countries.

Kind regards,

Chartering Team

1. Executive Chartering Offer

M/V SEA LIBERTY is a Thailand-flagged pressure LPG carrier, built in 2003 and classed by Nippon Kaiji Kyokai (ClassNK). The vessel is suitable for LPG coastal/regional distribution, consecutive voyages, COA and time-charter employment. The strongest commercial target is regional LPG trade rather than VLGC employment.
