

ATTN: ALL PROSPECTIVE CHARTERERS

Subject: M/V KARIN – 3,000 DWT Offshore Service / DP2 Anchor Handling Tug Supply (150T BP, DP2 AHTS) Vessel Available for Charter

Dear Sir/Madam,

We are pleased to offer M/V KARIN (IMO 1045904), a 2026-built Panama-flagged Offshore Service / 150T BP DP2 AHTS of approximately 3,000 MT DWT and 76 m LOA, for suitable employment in the Arabian Gulf, Nigeria, the Gulf of Guinea and wider West Africa.

The vessel is positioned for offshore support, coastal logistics, transportation of offshore supplies and project cargo, subject to Owners' confirmation of her present position, technical status, installed equipment, statutory certification and trading limitations.

Charter Basis: Time Charter / Spot Charter / Project Charter / COA

Trading Area: UAE / Oman / Qatar / Saudi Arabia / Kuwait / Bahrain / Arabian Gulf / West Africa

Availability: Prompt, subject to prior commitment and Owners' confirmation

Charter Period: 3–12 months or longer

Commercial Terms: To be negotiated following receipt of employment and project details.

M/V KARIN is available for consideration for suitable offshore and marine support assignments, including offshore logistics, project cargo transportation, field support, coastal operations and other duties compatible with her technical capabilities and certification.

Kindly advise your current or forthcoming requirements, including:

1. Required charter period;
2. Nature and scope of work;
3. Operating/trading area;
4. Delivery location;
5. Expected commencement date;
6. Required deck/cargo capacity and equipment;
7. Project/client requirements; and
8. Any specific class, certification, vetting, terminal or operational requirements.

The latest vessel questionnaire, technical particulars, class and statutory certificates, equipment list, photographs, P&I details, inspection information and commercial terms can be provided to qualified and bona-fide charterers upon request.

All particulars and vessel availability remain subject to Owners' confirmation, satisfactory Charterer KYC and agreement of a mutually acceptable Charter Party.

We welcome enquiries from reputable oil & gas operators, offshore contractors, marine logistics companies, marine construction companies, project contractors and other qualified charterers requiring suitable offshore support tonnage in the Arabian Gulf, Nigeria and the wider African market.

We look forward to receiving your employment requirements and discussing a suitable chartering arrangement.

Kind regards,

CHARTERING TEAM

M/V KARIN

VESSEL CHARTERING CIRCULAR & COMMERCIAL OFFER

1. VESSEL OVERVIEW

M/V KARIN is a modern **2026-built Offshore Supply Vessel / 150T BP DP2-AHTS** suitable for offshore oil & gas logistics, marine support, offshore construction and project cargo operations.

Recent public tracking information places the vessel in the **Arabian Gulf**, including Mina Zayed and other regional ports, making her potentially attractive for Middle East offshore employment.

2. PRINCIPAL PARTICULARS

Particular	M/V KARIN
Vessel Name	KARIN
IMO Number	1045904
MMSI	352004526
Call Sign	3E6804
Vessel Type	Offshore Service / PSV
Year Built	2026
Flag	Panama
LOA	Approx. 76.0 m
Beam	Approx. 17.0 m
Deadweight	Approx. 3,000 MT
Current Region	Arabian Gulf / Middle East
Primary Employment	Offshore Supply / Oil & Gas Support

The above principal particulars are based on current public vessel records and should be verified against the Owner's latest vessel specification before a firm fixture.

3. VESSEL'S COMMERCIAL CAPABILITY

M/V KARIN is suitable for consideration for:

Offshore Supply Operations

- Offshore platform supply
- Drilling-rig support
- FPSO/FSO logistics
- Offshore production support

- Oilfield consumables
- Equipment transportation
- General offshore logistics

Project Cargo

Potential cargoes include:

- Pipes
- Steel products
- Machinery
- Containers
- Construction materials
- Oilfield equipment
- Offshore project equipment
- General deck cargo

Offshore Construction

Subject to vessel certification and Owner's approval:

- Offshore construction support
- Platform maintenance
- Subsea project logistics
- Survey support
- Field-development support
- Marine construction logistics.

4. CHARTER EMPLOYMENT

A. TIME CHARTER

Proposed Charter Period:

3–12 months or longer

Potential trading areas:

- UAE
- Oman
- Qatar
- Saudi Arabia
- Kuwait
- Bahrain
- Arabian Gulf
- West Africa

- Nigeria
- Ghana
- Angola
- East Africa
- Other areas subject to Owner's approval.

B. SPOT / VOYAGE CHARTER

The vessel may be considered for specific offshore projects requiring:

Base Port → Offshore Installation → Base Port

or

Port → Offshore Field → Port

with cargo and personnel-support requirements determined by the project.

C. PROJECT CHARTER

M/V KARIN may be commercially positioned for dedicated:

- Offshore construction projects
- Oilfield logistics
- Platform maintenance
- Drilling support
- Subsea support
- Offshore field-development projects.

5. INDICATIVE COMMERCIAL OFFER

Daily rate is negotiable subject to charterer's requirements and scope of operations. The following is presented as an **Owner's commercial enquiry basis**.

Commercial Term	Proposed Basis
Vessel	M/V KARIN
IMO	1045904
Vessel Type	Offshore Supply Vessel / PSV
Year Built	2026
DWT	Approx. 3,000 MT
Charter Type	Time Charter / Spot / Project Charter

Charter Period	3–12 months+

Bunkers	As per Charter Party
Port Charges	As agreed
Agency	As agreed
Off-Hire	As per Charter Party
Demurrage	As applicable
Commission	As agreed
Payment	To be mutually agreed
Charterparty	Mutually agreed offshore charter form

6. MIDDLE EAST CHARTERING OPPORTUNITY

The vessel is particularly interesting for the **Middle East offshore market**, given its current reported Arabian Gulf trading activity.

Target markets

UAE

- Abu Dhabi offshore
- Dubai
- Sharjah

Oman

- Muscat
- Duqm
- Sohar
- Omani offshore fields

Saudi Arabia

- Eastern Province
- Ras Tanura
- Dammam
- Saudi offshore fields

Qatar

- Doha
- Ras Laffan
- Qatar offshore projects

Kuwait / Bahrain

This creates an opportunity to market KARIN to offshore operators, drilling contractors, EPC contractors and oilfield-service companies operating in the Gulf.

7. WEST AFRICA CHARTERING OPPORTUNITY

Vessel Operators Ltd can also market KARIN for **West African offshore employment**, particularly:

Nigeria

- Lagos offshore
- Niger Delta
- Bonny
- Brass
- Escravos
- Warri
- Onne
- Port Harcourt

Other markets

- Ghana
- Côte d'Ivoire
- Angola
- Equatorial Guinea
- Cameroon
- Congo
- Gabon.

Potential clients include **IOC operators, indigenous oil producers, FPSO operators, drilling contractors, offshore construction companies and oilfield service providers.**

8. TECHNICAL DOCUMENTATION TO REQUEST

Before issuing a firm offer to a charterer, Owners should provide the latest:

1. Vessel Particulars
2. General Arrangement
3. Cargo Deck Plan

4. Deck Cargo Capacity
5. Deck Strength
6. Main Engine particulars
7. Generator particulars
8. Fuel capacity
9. Freshwater capacity
10. Speed and consumption
11. Accommodation/POB capacity
12. Crane specifications
13. Cargo pump specifications
14. DP notation, **if applicable**
15. DP class, **if applicable**
16. Class Certificate
17. Certificate of Registry
18. Safety Management Certificate
19. ISPS documentation
20. P&I Certificate
21. Latest dry-dock information
22. Inspection/vetting reports
23. Flag certificates
24. Trading limitations.

DP capability, crane capacity, deck area, engine power and accommodation figures should not be represented as confirmed until they are received from the Owner.

9. CHARTERER'S REQUIREMENTS FORM

Requirement	Charterer's Details
Charterer	TBN
